SUMMARY

I am a seasoned full-stack web developer with **2.4 years** of corporate **experience**, including **1.5 years** of dedicated **full-time** employment and an additional **8 months** of **internship**. My technical proficiency extends across various technologies, with a focus on **Ruby on Rails**, JavaScript, **React.js**, and **Next.js**. Throughout my professional journey, I have consistently delivered high-quality code characterized by its maintainability and efficiency, adhering meticulously to industry best practices in both front-end and back-end development. I am well-versed in collaborative team environments, actively participating in code reviews and contributing valuable insights to project planning. My commitment to excellence is reflected in my proactive approach to analyzing, coding, and unit testing software within tight deadlines.

SKILLS

Ruby, Ruby on rails(ROR), javascript (ES6+), Rspec, Active Record, MVC, Sidekiq, TDD, Rest Apis, SCSS, SQL, Mongoddb, React.js, Next.js, Redux, Css3, Html5, Postgres, Bootstrap, JQuery, Git.

EXPERIENCE

Bitsila -Future of retail || ONDC, Bengaluru • Software Engineer

(09/2023) - (11/2023)

- successful API integrations, particularly with platforms like Shopify. Proven in maintaining internal REST APIs, ensuring seamless client interactions. Committed to efficient and maintainable code, contributing actively in collaborative team environments.

Zolvit (formerly Vakilsearch) ,Chennai • Intern & Associate software engineer

(11/2021) - (08/2023)

- Tasked with the upkeep and enhancement of the Ruby on Rails web application for the organizational flagship, Libra - The Advocate's App.
- Championing the development of responsive components for customer onboarding to the product (<https://vakilsearch.com/>) using Next.js. Implementing designs seamlessly from Figma to React, with a meticulous approach to wireframes and user experience.
- Led the backend development by creating essential APIs for a critical judgments module in Ruby on Rails, catering to both web and mobile applications. Additionally, contributed significantly to the ongoing improvement of Libra - The Advocate's App through bug fixes and the implementation of new features.
